

(Please return by June 16, 2005)
June 2005 - Early Action Compact Progress Report
Clarendon County

1. In an effort to keep our contact information updated; please provide the following information for your county:

	Name	Telephone	E-mail Address
Administrator/Manager	William Houser	803-435-96543	bhouser@sc.rr.com
EAC contact	Robert M. Blackmon, P.E.	803-435-2105	Clarendnengineer@sc.rr.com

2. Please complete the attached Ozone Awareness Week checklist so that we will know which activities you did to promote awareness.

Activities occurring in the county prevented me from undertaking a special program. With the nature of the County general, I believe other activities may be more advantageous in this regard.

3. List any progress (if applicable) since your December 2004 submittal? (stakeholder meetings, events held; special projects, fleet Changes, Energy Star products purchased, Tree City USA, TABFTE, etc.)

I continue to bring up the program as I can to Department heads and County officials.

4. Do you have any plans to implement additional strategies and/or education and outreach activities during the 2005 ozone season? (It's not too late to use Ozone Awareness Week ideas!)

I have discussed combining some education activities with the fire department which has an established education program in the schools.
I will be able to have items published by NRCS in their newsletter.

5. Do you have any requests for specific assistance from the Department and/or the EPA?

Not at this time.

Supervisor/Manager/Administrator: Robert M. Blackmon, P.E.

Date: 16 June 2005

EAC Contact: Robert M. Blackmon, P.E.
